

# Amalia Sörlien

## PROFILE

I am used to work in the interface between technology and design and to use my analytical mindset as well as my creative side to solve problems. With the user in mind, I strive to capture and address the whole customer experience.

## EDUCATION

### Design and Product Development

Linköping University | 2013- 2018  
M.Sc in Engineering

The education is as much about design as solving problems and project management. I have both technical and design knowledge throughout the whole product development process, from idea to finished product.

### Industrial Design Engineering

San Diego State University | 2016

I started my masters degree with one semester at San Diego State University.

## COMPETENCES

### Visualization

Photoshop  
Illustrator  
Adobe XD  
InVision  
Balsamiq

### Soft Skills

Ambitious  
Fast learner  
Team player  
Curious  
Positive mindset

### Languages

Swedish  
English

### Development

HTML  
CSS

## WORK EXPERIENCE

### Software Component Owner

Volvo Group Trucks Technology | 2020- present

- I am currently working with project leader tasks for Apple CarPlay and takes the lead on requirements towards our supplier and Apple.
- Worked in the interface between our department and our brands from the US and France. As a department representative, I coordinate information and requests coming from the brands.
- Managed the process of onboarding, industrializing, and maintaining new 3rd party apps for our infotainment system. I managed the project communication amongst the project team and key stakeholders.

### Human Machine Interface Engineer

Volvo Group Trucks Technology | 2018- 2020

As part of an agile development team, I coordinated the projects and the flow of information to the developers. I acted as a link between UX-designers and other stakeholders. My deliveries included application viewflows and I was responsible for HMI requirements and the text translation process.

## ACHIEVEMENTS

### Planning IGEday 2021 at Volvo Group

Initiative from Womenengineer to increase the interest for technology among young girls | 2020

### Ivy League: Introduction to Negotiation

Online course from Yale University | 2020

### Culture Champion

Nominated by my manager to work with our company culture and to facilitate workshops with different teams throughout VGTT | 2020

### Dynamic Web Application

University course for HTML, CSS and JavaScript development | 2019

### SAFe Training

Participated in a two-day certified SAFe agile training | 2019

### Driver's License B

2012
